Window Fashion

20 years

Since its inception in 2005, The Fabric Box has been DEDICATED to pioneering the evolution of ROLLER and VERTICAL fabrics, infusing each collection with warmth, character, and CREATIVE flair.

Our 6th edition invites you into a new world of interior-led design that transforms your windows into living expressions of style and inspiration. Our fabrics are more than window coverings; they're Window Fashion, designed to bring an atmosphere of elegance and joy to your home, reflecting your personality and enriching your interior spaces.

Every detail of this collection is crafted with care, from luxurious weaves that implore to be touched to colour palettes that range from serene neutrals to lively, mood-boosting tones.

We've poured our passion for art and design into each fabric, creating pieces that blend function with beauty and invite you to see your windows as a canvas for creativity. And because we believe in a thoughtful approach to modern living, we've committed to sustainable practices, so you can enjoy each piece knowing it's made with the world in mind.

The Collection harnesses the power of colour to shape mood and balance energy in every room. Neutral tones ground and soothe, creating a serene foundation; shades of blue and green bring tranquillity and a sense of

nature, while yellows infuse warmth and positivity. Soft pinks add a touch of comfort and charm, and vibrant accents inject energy, uplifting and invigorating the space.

The COLLECTION harnesses the power of colour to SHAPE mood and BALANCE energy in every room.

The Fabric Box palette brings together 114 beautiful plain colours, giving you endless ways to bring warmth and personality into any space. Choose from our well-loved dimout and blockout plains, Splash and Bella, or explore Arona and Alara, our sustainable recycled plain developed with thoughtful consideration to the world around us. With such a wide range of shades, it's easy to play with colours, textures and designs to create a look that truly feels like home.
